George Caras

Arlington, VA · 703.975.2084 · gcaras0@gmail.com · gcaras.github.io.

Community-oriented full-stack Developer driven to create and implement the most efficient solutions that achieve company and team goals. I create functional solutions featuring engaging interfaces to make everyone's job easier.

_____

Skills

JavaScript, React, Node.js, Express, MongoDB, Django REST Framework, Responsive Design, HTML, CSS

Relevant Experience

General Assembly, Software Engineering Immersive Program | Washington, D.C. | Aug '19 – Oct '19
Completed full-time immersive Software Engineering program that included over 500 hours of professional training in 12 weeks. Utilized a hands-on approach focused on real-world application of JavaScript, Responsive Design, and API integration. Developed a portfolio of individually and collaboratively focused in-class projects, including:

- **Video Game Trivia:** Responsively designed website trivia game that features Vanilla Javascript, HTML, and CSS. Utilizes Object Oriented Programming and DOM manipulation in JS to provide questions, validate answers, and provide information and feedback on selected answers.
- **Trading Card Game Index:** Full-Stack MERN application with CRUD functionality based on the original Pokemon Trading Card Game Base Set.
- **YouDue:** Full-Stack MERN application with CRUD functionality designed to help organize to-do tasks, movies and books of interest. Features integration with Google APIs to populate book and movie queries.

Additional Experience

ZP Group, Billing Manager | Tysons Corner, VA | Oct '18 – Aug '19
- Managed Accounts Receivable Team for 3 companies totaling $90M in annual revenue issuing 1,300+ invoices on a monthly basis. Established and maintained relationships with over 400 customers to manage invoice delivery that adhered to customer expectations.
- Utilized Excel scripts to shorten creation of monthly generated supporting documents from 2 days to 5 minutes.
- Transitioned billing process from Google Suite applications to a Project Management and Invoice generation tool completely integrated within NetSuite.

Resolvit, Senior Staff Accountant | Tyson's Corner, VA | May '16 – Oct '18
- Handled all Accounts Payable and Payroll responsibilities for $25M IT Consulting and Solutions company.
- Project Managed the implementation of new HR and Payroll system including employee onboarding and automated tax processing.
- SME for any HR and Accounting issues including onboarding, training, tax administration (State, Local, and Employee), commissions, and payroll..
